

PROJECT 316882 “INNOVATIVE RADIOCHEMISTRY TO ADVANCE MOLECULAR IMAGING”

International Meeting I

Agenda

Day 2 - Open to external guests

09:30 - 15:30, Tuesday 8th April 2014
TS Theatre, Merton College, University of Oxford

09:30 - 10:00	Registration, refreshments
10:00 - 10:05	Welcome: Prof. Véronique Gouverneur - RADIOMI Project Coordinator
10:05 - 11:05	Session 1: Chair - Prof. Olof Solin Prof. André Luxen (Belgium) “From the early radiopharmaceutical discovery to the GMP production”
11:05 - 12:05	Session 2: Chair – Prof. Albert Windhorst Prof. Christer Halldin (Sweden) “Translational Neuroimaging and Drug Development”
12:05 – 13:15	Lunch Break
13:15 – 14:15	Session 3: Chair – Prof. Antony Gee Prof. David O’Hagan (UK) “Using the fluorinase enzyme for 18F-radioisotope labelling of peptides for PET”
14:15 – 15:15	Session 4: Chair – Prof. Véronique Gouverneur Prof. Hank Kung (USA) “Development of imaging agents for diagnosis of neurodegenerative diseases”
15:15 - 15:30	Closing Remarks - Prof. Véronique Gouverneur
